Flexi**DYESUB**

SAi's Flexi flagship product offers the dye-sublimation world a total solution for design and print workflow with FlexiDYESUB. FlexiDYESUB includes a powerful 64 bit RIP system with a full printer production feature-set, as well as a complete design application that makes dye-sublimation design easy. No matter what type of job you need to produce, Flexi has the tools.

Unique Features

CUSTOM INK SET
Customize color output with complete control over the individual ink channels.

STEP AND REPEAT
Create seamless patterns with different types of drops, with no impact to your production speed.

RULER & COPY COUNTER
Add a ruler and print copy counter to long-run production jobs to easily keep track of prints.

64 BIT RIP
Flexi 19 is stronger, faster and has more production power than ever before.

WIZARD BASED COLOR PROFILER
The automated profile wizard takes away the manual guess work in profile creation.

PANTONE LIBRARIES
Includes Pantone Spot Color Libraries. Use with Pantone Fine Tune for optimal results.

SIDEKICK
Manage customer accounts, create quotes and track jobs.

SIDEKICK IS A PAID SUBSCRIPTION

SPOT COLOR MAPPING
Customize spot color formulas to match the exact color you're looking to print.

FIND MY FONT
With Find My Font you're able to instantaneously detect best matched fonts within seconds.
