

## PREMIUM STOCK IMAGES AND TEMPLATES FOR SIGNMAKERS AND VEHICLE WRAPPERS

Quality. Variety. Affordability. Our Sign Design Element (SDE) subscription plans give you easy and affordable access to over 10 million high-quality sign and print graphics. Choose from a wide-variety of vehicle templates, wrap artwork, beautiful photos, vector and vinyl-ready graphics, and fonts.

- Vehicle templates
- High resolution photos
- Ready to cut vinyl artwork
- Vector graphics
- Professional fonts
- Vehicle wrap artwork

SDE offers the largest collection of sign industry images & vehicle templates in the world.

## BENEFITS OF SIGN DESIGN ELEMENTS

### ***SPEND LESS TIME SEARCHING***

Powerful AI search and workflow tools make it easy to find and manage assets. Simply type our keywords into the search bar and hundreds of images will appear. Refine your search by file type, orientation, or composition. Filter people further by age, gender, and numbers.

Once you select an image you can view the artist's entire portfolio making it easy if your project requires a series of pictures in the same style. Easily organize the images you select by creating your own light-boxes featuring projects or categories.

For vehicle templates, simply specify the region, make and model then narrow down your search further by date and exact model type, then download your template. Sign Design Elements offers the most comprehensive collection of vehicle templates in the world. It includes just about every US & European vehicle model on the road. Templates are available to download in diagrammatic format with accurate dimensions – no measuring, no guesswork.

It couldn't be easier to find the graphic assets you need for any type of project.

SIGN DESIGN ELEMENTS (**SDE**)

### **WORRY-FREE LICENSING**

All SDE images come with a full royalty-free license for use in commercial projects and are 100% guaranteed with valid model & property releases so you and your clients never have to worry about copyright infringement.

### **EASY DOWNLOADS**

SAi Flexi users can enjoy access to the SDE library directly from their Flexi software. This streamlined workflow will save you time and eliminate the hassle of opening a separate web page to find and download files. It has never been easier to create custom designs within Flexi.

### **CHOICE OF SUBSCRIPTION PLANS**

A new agreement between SAi and Ingram Publishing, curators of Sign Design Elements, now allows us to offer all our customers – subscribers and traditional license users—access to this amazing collection with a choice of affordable monthly subscription plans:

- **SDE25 plan allows you to download up to 25 files per month. That's less than the cost of one stock image from other sources.**
- **SDE75 plan gives you up to 75 file downloads per month and is ideal for high-volume users.**
